

TOP NEWS/ TIPS

✦ Here's to 140 years of passion!

Back in April 1883, the newspaper "Barmer Zeitung" announced the establishment of Vorwerk, the company that produces your beloved Thermomix®. Now, after all these years, Vorwerk is celebrating their anniversary with everyone who's passionate about their community and products. Let's get together and celebrate!

✦ Low Carb

Whether you're reducing your carb intake for medical reasons or simply for wellness, Cookidoo® can support you. With hundreds of delicious low-carb recipes from all around the world, you'll find all the inspiration you need!

✦ New accessory available! Reusable Washable Nut Milk Bags

For use in preparing nutmilks, greek yogurt, cheese, and for straining anything into smooth and creamy liquids. Designed especially for use with the thermomix and fits both bowl, simmering basket and thermoserver.

MEET JACQUELINE FRENDO

"I wholeheartedly recommend TM to anyone who wants to elevate their home cooking"

"Before Thermomix entered my life, I was an average home cook, struggling to manage my time in the kitchen and often finding it difficult to create meals that my whole family enjoyed. However, everything changed for the better the day I decided to purchase a Thermomix. Thermomix has truly been a life-changer for me, and I cannot imagine my kitchen without it now. This revolutionary kitchen appliance has become my right-hand partner in cooking, enabling me to cook like a professional chef and make every meal an enjoyable experience for my entire family. One of the most significant advantages of owning a Thermomix is the time-saving aspect. The device's blending, chopping, kneading, and cooking efficiency has drastically reduced my preparation and cooking time. Gone are the days of laborious tasks and the constant stress of juggling various pots and pans. Thermomix has simplified my life by consolidating everything into one powerful machine. Hassle-free cooking is another amazing benefit that I have gained from using Thermomix. With its precise temperature control and guided cooking, I no longer worry about overcooking or undercooking my meals. The step-by-step instructions provided by the integrated recipe platform have made it incredibly easy for

me to try new dishes and expand my culinary horizons. Since I started using Thermomix, I have noticed a significant improvement in the quality of the meals I serve. Every dish has been a hit with my family, from perfectly cooked risottos to mouthwatering soups and delectable desserts. The consistency and professional finish I achieve with Thermomix have made our dinner table a much more exciting place to be. In conclusion, Thermomix has been the best thing that has ever happened to me in my culinary journey. Its efficiency, time-saving capabilities, and hassle-free cooking have truly transformed the way I prepare meals for my family. I wholeheartedly recommend Thermomix to anyone who wants to elevate their home cooking experience and create delicious, chef-quality meals that will impress their loved ones."
